

Take your
journey further.

REMBRANDT
CARAVANS

Designed for how you travel.

Inspired by the Dutch Golden Age artist Rembrandt, our name reflects a focus on detail, balance, and considered design.

This approach carries through every van we build, shaping spaces that feel right to travel in, with lasting quality and the capability to handle real Australian conditions.

Australian made and owned.

Every Rembrandt caravan is proudly built in our Melbourne factory by experienced trades. Australian owned and operated, we focus on craftsmanship, precision, and building caravans that stand the test of time — on and off the road.

Build your van, your way.

Rembrandt Caravans are designed to be customised around how you travel.

- A range of layouts for couples and families
- On-road and off-road configurations available
- Tailored features and storage solutions.

Designed for life on the road, built on experience.

Every Rembrandt caravan is crafted for comfort, durability, and everyday practicality, with smart design and refined finishes built to handle Australian conditions. Backed by over 25 years of industry experience, our attention to detail ensures reliable performance and quality you can trust for the long haul.

3 Year Structural Warranty

Every Rembrandt caravan is backed by a three-year structural warranty for added peace of mind. Our commitment doesn't stop at delivery — our after-sales care is a trusted and ongoing part of the Rembrandt experience.

Designed for the way you travel.

The 2026 range.

Choosing your ideal Rembrandt caravan starts with the right information. Discover the differences across the range with our in-depth comparisons, designed to help you find the model that suits your lifestyle best.

DANAE

Designed for ease and practicality, Danae brings together the essentials for comfortable travel, without overcomplication.

As the starting point of the range, it reflects the foundations behind every Rembrandt caravan.

Built on a 6" chassis with all-terrain tyres for smooth, stable on-road travel.

Danae

What our customers are saying.

Couple of trips out in this thing and there's nothing you'll get better at this price. Had a bunch of tweaks I wanted to do myself after pickup, and the team is one of the easiest in the industry to work with, making after sales support questions a no-hassle affair.

Open-plan living & dining.

Premium bedroom retreat.

Smart kitchen & lounge design.

19'6 Couples	21'6 Couples Corner Bathroom	23' Family Van	

DANAE_{LX}

The Danae LX builds on the original, offering a more refined and flexible space for longer time on the road.

With enhanced finishes and added features, it's a natural step up for those wanting more from their travel experience.

Full oven, large dual-door fridge, and washing machine built for longer, more comfortable stays.

Danae LX

What our customers are saying.

After 18 months of full-time travel, our van has exceeded every expectation. From day one, the build quality has been outstanding, and even after thousands of kilometres, varied terrain, and daily use with two kids and dogs, it still feels as solid and reliable as the day we picked it up.

The layout works perfectly for our family — everything has its place, with clear thought given to functionality and durability. It's not just a caravan, it's been a very comfortable home.

The support and communication throughout the build process also made a huge difference — we always felt we were in good hands. We wouldn't hesitate to recommend them to anyone looking for a high-quality caravan designed for real life on the road.

[@odells_onthemove](#)

Effortless outdoor living.

Freedom to settle anywhere the road leads.

Pallas

Space, redefined for life on the road.

Layouts available upon application or enquiry.

PALLAS

Pallas introduces a new level of space, with a slide-out design that changes how you travel.

With a more open layout, premium finishes, and a focus on liveability, it creates a space that feels less like a caravan and more like something you can truly settle into.

Genuine leather finishes, 40" TV and premium toolbox for added storage.

Pallas

What our customers are saying.

We've had our Pallas for two years and we are over the moon with the quality of the product, and the service we've received from the Rembrandt Caravans factory. From design, to choosing the colours and fixtures, the whole process has been a great experience.

Spacious ensuite elegance.

Open-plan comfort redefined.

Space where it matters.

Pallas Features & Specifications.

19'6 Couples	21'6 Family Quad	23' Family Van	

NIGHTWATCH

Nightwatch is the most capable model in the range, created for those who expect more from their van.

With serious off-road performance and the highest level of features across the range, it delivers an uncompromising way to travel.

Airbag suspension, a heavy-duty chassis, a larger front toolbox, and a Victron battery system deliver strength and dependable off-grid performance.

Nightwatch

What our customers are saying.

Four months into our 10 month lap of Australia and we couldn't be happier with our customised 21'6 Double Bunk Nightwatch. Rembrandt are amazing to deal with, and built to our needs. You will not find better value for money in comparison with the same modifications and similar build. Nothing was too hard to change or add throughout the build. After sales service was also next level, with quick responses to any queries raised. Could not recommend this van enough.

The ultimate off-road experience.

Premium comfort, fully equipped.

Luxury for life on the road.
